Hike #489

October 20, 1999

Hike Leader: Marlene Adamek

It's an easy hike (probably 6 or 7 miles). We'll start at the usual time (9:30) from our home . We'll walk up residential streets, about 1 ¼ short blocks, then continue on a horse trail most of the way to Ernie Howlett Park (another residential street is in there just before the E.H. Park). The E. H. Park will be our only Rest Room stop and Cookie Break. If weather permits there will be some outstanding views along the way towards Los Angeles, Griffith Park, the Hollywood Sign and then up the coast from our small cliff overlook. We'll then return the same way with a short jag on another residential street to Los Arboles "Rocket Ship" Park on Ricardo. There is a great view (ocean to East LA). We'll "do" lunch on the grass. Don't eat too much because there's a crockpot of chili and some other goodies at home waiting for us. After lunch, back to the horse trail and to the beach. A small loop then we'll return on the same path.

If you want a tour of our home, please remove your boots.

It will be trash day for us so leave sufficient space for the trash trucks to get to the trash containers. Thank you!

Hope you can join us!

Love ya, Marlene
