

OTP Hike #0201

THE ASSAULT ON MOUNT LUKENS

10 NOVEMBER 1993

HIKE LEADER: JOHN (SHADY JOHN) CHADY

It was **STRONGLY** suggested by several OTPers that the weather was "right" for an assault on Mount Lukens. Therefore it was **FURTHER STRONGLY SUGGESTED** by these same OTPers that my walk should be the one. **HOW DARE I REFUSE?**

Therefore, furthermore and forthwith the OTP and Others shall begin the ascent to Mount Lukens from the Wildwood Picnic Area at **0900** on the day appointed.

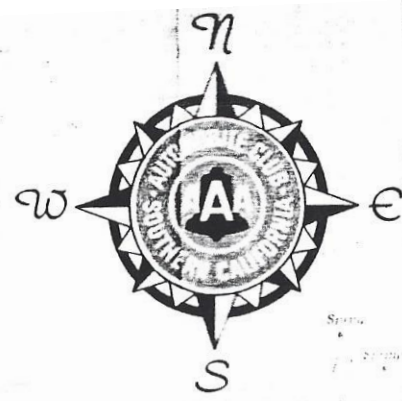

Please note that there will be **ONE CREEK CROSSING** each direction. For those who do not like walking in wet boots it has been **STRONGLY SUGGESTED** by those who **SUGGESTED STRONGLY** before that an old pair of "tennies" be worn during the creek crossing and stashed on the uphill side for the return.

Please note, also, that this will be **6 MILES ROUND TRIP WITH A 3200 FOOT ALTITUDE GAIN.** Highly aerobic to say the least!

Entrance to Wildwood Picnic Area is via **DOSKE ROAD OFF OF BIG TUJUNGA CANYON ROAD.** If the gate is locked continue another 1-1/4 miles to Vogel Flats Picnic Ground (the departure point for Bill Townsend's hike) and we will walk back to Wildwood. (If this happens it will be an 8 mile round tripper.)

If you have forgotten the way to Big Tujunga Canyon Road, exit the 210 freeway at Sunland. Go East on Foothill Blvd and turn left on Oro Vista (about two blocks past the Sunland Park). Oro Vista ends at Big Tujunga Canyon Road.
