HIKING AND DEBATING SOCIETY

UPPER CORRAL CANYON AND CASTRO PEAK

The hike for April 2, 1997 will be Upper Corral Canyon and Castro Peak in the Santa Monica Mountains.

From the west end of the Santa Monica Freeway (I-10), continue north on Pacific Coast Highway (SR-1) 23 miles to Corral Canyon Road. Turn right and follow this winding route about 5 miles to its end near a locked gate.

We will start the hike at 9:30 AM.

We have done this hike numerous times. It should be very familiar to most of us. We will take the trail down through the valley and proceed to the overlook. We will then hike to Castro Peak and return to the cars.
