Hike #35, "Trails of the Angels"  
Josephine Fire Road to Josephine Peak

From Interstate 210, take Highway 2 (Angeles Crest Highway) about 10 miles to the junction with N3 (Angeles Forrest Highway) opposite Clear Creek Ranger Station. Park off the highway alongside the Ranger Station. The Josephine fire road begins on the east side of the Angeles Forrest Highway about 50 yards north of the junction. Walk past the locked gate up the road.

Josephine Peak is 5558' with a good view. Hike is 6 miles round trip, with a 1,900' elevation gain. It is a moderate hike and should be a somewhat cooler hike to do during this hot period.
