La Jolla Valley to Mugu Peak

August 22, 2001

Directions:

La Jolla State Park is 22 miles west of Malibu, 2 miles past the big sand dune. Drive up the canyon to the trail head at the parking lot. There may be a parking fee.

The Hike:

We will walk up the canyon, and across the meadow and turn left at the oak trees by the old galvanized tank. The trail goes down across the stream bed, then up the hill. We will make a clockwise loop around or over Mugu peak. If the weather happens to be clear, we should get a good view of the Oxnard plain, and the Channel Islands.

Mugu Peak is 1266' The loop is 6.5 mi. The larger loop is probably a mile and a half or so longer.
