Hike Leader: Theo McNall

Big Tujunga Canyon

9 Miles Round Trip 1800 Elevation

Short Hike 3 Miles 700 Elevation

Take 210 Freeway to Sunland Blvd. Go east. Turn Left on Oro Vista Ave. (Jack in the Box on Left.) At about 5.5 miles, there is a small sign on the right with 2.01 on it. At the next road, turn left. The Sign reads "Trail Head Canyon Trail 3N29". Up the Hill at 0.3 miles there is a fork, stay to the right. Another 0.3 miles is the parking lot. There are no Toilets.

Follow the sign past the locked gate. The Falls (not much water) is about 1.5 miles. The short hike will end there. We will then go on to Tom Lucas Camp for lunch. Return on the same trail. There are many streams crossing, but very little water. The trail on the way to the Falls has some Poison Oak. After the Falls, there is a lot of Poison Oak. Some along the trail and some in the trail.
