

**Hike July 6, 2005**  
**Icehouse Chapman Loop**  
**Hike Leader: Wolfgang Jahn**

**Direction to trailhead:** Take the 210 freeway east and exit on Baseline Rd. As you exit, turn left and then right on Padua Rd (first road to the right). Follow this road north which joins Mt. Baldy Rd. Go 1.5 miles past Mt. Baldy Village to Icehouse Canyon Resort. For those who want to drive a more familiar way, exit Mountain Ave. which also joins Mt. Baldy Road.

**The hike:** The trail leads east along the floor of the canyon. After about 1.5 miles, take the Chapman (Icehouse) Trail to Cedar Glen Campsite. Continue on the Chapman Trail to where it intersects with the Icehouse Canyon Trail and return on that trail. Total distance is 8.6 miles and about 2000 feet elevation gain.

For those who wish a shorter hike, a hike to the Cedar Glen Campsite and back is recommended (5.6 miles and about 1400 feet elevation gain).
